

KinderTrack – Navigating the Tool/Command Bar

When logging into KinderTrack, you will automatically be taken to the **Home** page. The navigation bar will be towards the left of the page.

- A** Navigate to a page using the main menu items, **Activities**, and the sub-menu items, **Pages**.

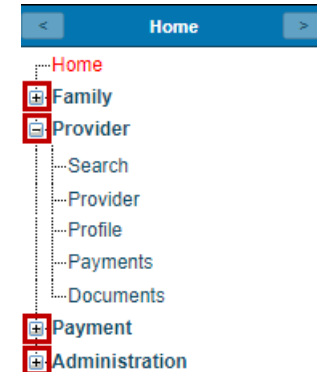

Note: The **Page** becomes highlighted to indicate that you are on that page.

- B** The **Back** and **Forward** buttons are used for navigating between the selected pages. It is best to use these buttons instead of your browser's back and forward arrows.

- C** The "+" and "-" buttons expand and condense the menu tree.

- D** The Command Bar is located at the top of each page. It displays all command buttons available based on the permissions granted to the user by the System Administrator.
