

TX Child Care Connection – Provider Opening

The **Openings** page is updated by the Provider to show which programs are open for families when they are available.

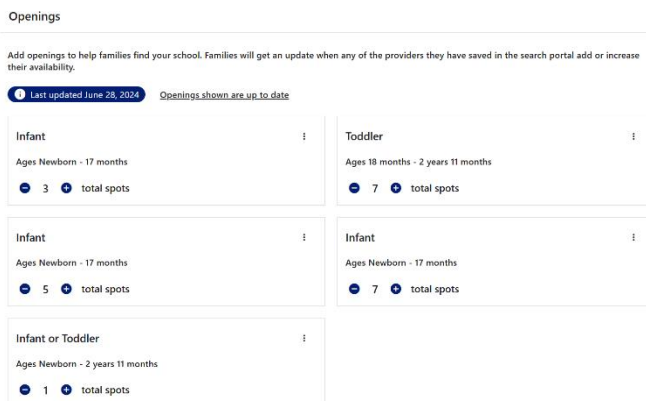

A When logging in, the locations you are associated with will display automatically. Press **Edit profile**.

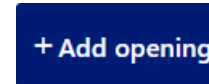

B Press **Openings**.

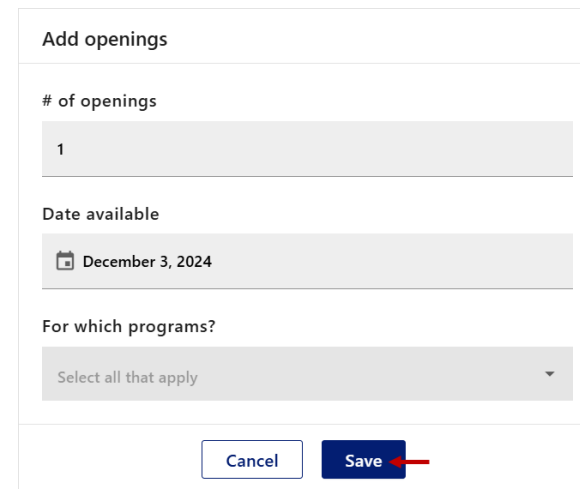

C The availability will be displayed.

D To add an opening, press **+ Add opening**.

E Enter the opening information, then press **Save**.

Note: Board Admins can update existing Openings.

F If you have no openings available, press the button **I don't have any openings**.
