## **KinderTrack - Sponsor Consolidation**

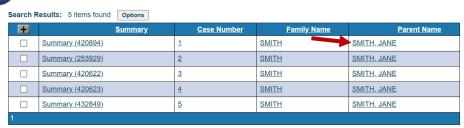

The new **Sponsor Consolidation** feature in KinderTrack is designed to address the issue of parents having multiple case numbers, which previously led to communication and registration problems. This enhancement ensures that all parent accounts are consolidated into a single KinderConnect account based on the Parent CIN, improving efficiency and reducing errors.

Caseworkers must manually verify that the Parent CIN is consistent across all parent records. Failure to do so may result in issues with consolidation.

A Press **Search** under **Family**.

- Enter the appropriate search criteria in the available fields. Press **Search**.
- In the Search Results, click on the Parent Name.

D Verify the CIN.

Note: To confirm the Parent CIN consistency, return to the Search Results and validate that it matches across all other case records.

If the CIN differs across parent records you can update it. To do so, press **Edit**.

 $oldsymbol{oldsymbol{arphi}}$  Enter the new CIN and press  $oldsymbol{\mathsf{Save}}$ .
